AUTHORS' MANUSCRIPTS.
Not Necessary For Editors to Read Them From Beginning to End.
Once more the tale goes round of the author who sent a story to three journals and had it returned by every one without having been read. He knew it because he had pasted two of the leaves together. Very likely, we do not think of the articles that are sent to us. It often does not take half a minute to discard what one knows he doesn't want. It is an old saying that one does not need to eat a whole joint to learn whether it is tainted.

It would be a revelation to some of these writers to see how fast an experienced and conscientious editor can, at times, go through a big pile of essays, stories, or poems. The title is often enough, and he would say, "We don't want an article on that subject." The next article begins with a page or two of commonplace introduction, and that is thrown aside in half a minute's inspection without turning more than the next page. The next begins with a platitudinous "We can't print that stuff."

The first verse of this next poem has also meter and is tossed aside. The next begins in schoolgirl style with "dove" and "love," it is not read through. Of this next the editor reads ten lines. It is simply a dull description of a stream in a forest—not wanted. The next poem begins in a fresh way, seems to be constructed according to the rules, is pretty good. It is put one side to see if other better poems will crowd it out. The next is a story. The first page is promising, but the second shows a coarse strain, and the reading stops there.

Ten articles are decided upon, and with sufficient good judgment, in ten minutes, for a minute to a manuscript is often twice as much time as it needs. It does not take that long for a dealer to stick an iron skewer in a smoked ham, draw it out and smell of it. Not one article in a dozen perhaps needs to be read through. —New York Independent.

Many people burn the candle of life at both ends. Some men who never go into vicious dissipation use up their energies just as much by overwork or late hours, and nearly all women are compelled by circumstances to use up their vital powers beyond all reason in the household or social demands, or the bearing and rearing of children. At any rate the candle of life is too rapidly consumed.

Some people need to have their natural vigor constantly reinforced in the same proportion that it is used up. They need the fortifying help of Dr. Pierce's Golden Medical Discovery. It is a powerful alterative and invigorant of the digestive functions and liver; it cleanses the blood, and makes fresh blood and healthy flesh. Nervous, debilitated women should take it in conjunction with Dr. Pierce's Favorite Prescription which is specially designed for female weakness and nervous troubles.

Mrs. Sallie Kaufman of Virgil City, Cedar Co., Mo., writes: "I had suffered from placement of internal organs and female weakness for one year. Had a bearing down sensation and very disagreeable feeling after my second child was born. I could be on my feet only a few minutes until he was six weeks old, then I commenced taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription.' I took seven bottles in all. After taking the first bottle I felt much better. I think I am entirely cured of all my troubles. I can do all my work and am on my feet all day. I am in much better health now than I have been in four years; am fleshy and gaining strength very fast."

By writing to Dr. Pierce who is chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., careful professional advice will be obtained free of cost and specially adapted to the individual case. Dr. Pierce's great 100-page Medical Adviser will be sent free for 21 cents; the cost of postage.

SHARKS AND THE DEAD WHALE.
The presence of any large quantity of easily obtainable food is always sufficient to secure the undivided attention of the shark tribe. When "cutting in" whales at sea, I have often been amazed at the incredible numbers of these creatures that gather in a short space of time, attracted by some mysterious force, from heaven only knows what remote distances. It has often occurred to us, when whaling in the neighborhood of New Zealand, to get a sperm whale alongside without a sign of a shark below or a bird above. Within an hour from the time of our securing the vast mass of flesh to the ship the whole area within at least an acre has been alive with a seething multitude of sharks, while from every quarter came drifting silently an innumerable host of sea birds, converting the blue surface of the sea into the semblance of a plain of new fallen snow.

sentation from the various counties.
Bill passed by a vote of 18 to 10.

At this point the Ways and Means
Committee asked leave to introduce
A. B. No. 79, the general appropriation
bill. There are 52 sections to the bill
and the amount appropriated for the
support of the State Government for

the years 1899 and 1900 foot up to the
enormous sum of \$334,990.

Figuring the population of the State
at 40,000, the cost for the maintenance
of the State Government and State in-
stitutions is \$8.37½ per capita for the
next two years. If county govern-
ments are included in the estimate the
cost per capita is nearly \$14 or \$7 per
year. In the words of Tremont of
Mureka, "How long, Oh! Lord, how
long," can the people of Nevada stand
this pressure. Decay and decline ap-
parent on every hand, while the taxes
increase and expenses grow apace.

Mr. Hodgkinson stated that he be-
lieved it was proper that the Assembly
should show its respect to the "Father
of Our Country" and he therefore
moved an adjournment until Thurs-
day the 23rd. Carried.

The Washoe Lunch Counter.

Harry Clausen insists on keeping
the Washoe Lunch Counter in the
lead. Yesterday he secured a lot of
fat ducks, geese and chickens and
other toothsome eatables, and will
serve one of the finest meals imaginable
to-day. Harry says that if there is one
name more than another that he has
respect and admiration for it is the
name of George Washington, and he
knows of no better way to celebrate
his birth than by feasting and being
of good cheer. Consequently he has
taken extra pains to secure the where-
withal to set an unusually good meal
to-morrow for all who patronize him.
The show window furnishes all evi-
dence necessary to prove that he
knows just what the inner man needs
to make him at peace with the world.

County Commissioners.

The County Commissioners met yester-
day and discussed matters relative
to the tax levy for the ensuing year.
As a number of bills having influence
upon the levy are yet before the Legis-
lature, the commissioners were unable
to decide upon the tax definitely, but
it is thought the rate will be fixed at
about two dollars on the hundred, or
nearly the same as that of last year.
The value of \$12,000 placed by Mrs.
O. J. Smith upon the land selected for
an experiment station farm was con-
sidered. The board will await the
action of the Legislature on the bill
now pending before deciding the mat-
ter. The board then adjourned to
meet next Monday.

A Clever Trick.

It certainly looks like it, but there
is really no trick about it. Anybody
can take it who has lame back and weak
kidneys, malaria or nervous troubles.
We mean he can cure himself right
away by taking Electric Bitters. This
medicine tones up the whole system,
acts as a stimulant to liver and kid-
neys, is a blood purifier and nerve tonic.
It cures constipation, head ache, faint-
ing spells, sleeplessness and melancholy.
It is purely vegetable, a mild laxa-
tive, and restores the system to its
natural vigor. Try Electric Bitters
and be convinced that they are a
miracle worker. Every bottle guaran-
teed. Only 50c a bottle at S. J. Hody-
kingson's Drug Store.

The T. H. P. O. Ball.

The T. H. P. O. fraternity made its
debut last night with a dash of gaiety.
The large gymnasium was decorated in
a manner indicative of the secret na-
ture of the society. A novel feature
of the ball was the manner in which
the programs were printed. Black
they were, with an ominous white skull
and cross bones on the cover. On the in-
side were the various numbers, dedi-
cated to individual members of the
fraternity, together with a joke or perti-
nent phrase relative to the one so
honored. The supper was another
laudable feature, as the writer can
well testify. The affair was enjoyed
by all, and we hope the T. H. P. O. will
favor us again in the future.
